## on Proposition 111

*Formerly Initiative #126 for petitions*

**It's time to end predatory  
payday loans in Colorado  
*once and for all***

- ✓ Current law allows payday lenders to charge more than 200% interest for small loans targeted at customers who are in difficult financial situations.
- ✓ Payday lenders take advantage of Colorado communities and trap working families in a cycle of debt.
- ✓ Proposition 111 will cap interest rates on payday loans at 36% (inclusive of fees), ending the outrageous interest charged to borrowers who can least afford it.
